Hey Alice!

Oh, it's nice question! I have a lot of favourite songs. I don't have favourite groups or singers right now I think. But I absolutely love Vocaloids, it's almost like real singers! They're really popular in Japan. My favourite is Fuko. He is male Vocaloid with one of most realistic voices in vocaloids, he has strange, but cute outfit. Also, he has english and japanese versions of voice.

Sometimes I enjoy k-pop groups like BTS, but I'm little confused to talk about this.

I like some russian singers too like, Miroslava Shchegoleva in russian and english, though. My favourite songs from her is "December" and "Scream". "December" is a story about her original characters I like them! I think she does really good job!

And "Scream" is fan-song about Akechi character from videogame "Persona 5" (Also, I like this game. I even had to learn how to play on gamepad :))

I often listen to playlists on Youtube, I think you should try to listen some "Summer playlist's", I wonder if you like it.

And, in the finish, I want to mention most gentle part of my music interests - game's original soundtracks.

I have big collection of them on my computer. Right now I listen to "Persona 5" and "Genshin Impact" soundtracks. I hope I didn't forget anything important, he-he.

And you know, I don't really have a cause to like it, it's just how I feel. My music just fits my emotional statement, it's all.

So, what's your favourite music? I'll be happy to listen to it.

Bye-bye, waiting to answer! ♥
